

# All you need for your hearing health

Hearing loss can happen at any age, and treating it early can help improve your overall well-being. It's estimated that 26 million people in the U.S. between ages 20 and 69 have hearing loss.<sup>1</sup> There's no need to miss out. Through EPIC Hearing Healthcare (EPIC), you can get a hearing test and hearing aids as part of your 2023 health plan.

## Hearing care options

- 1 Virtual visits with online appointments and remote hearing aid adjustments<sup>2</sup>
- 2 In-person visits with the ability to choose from over 7,000 locations nationwide

## Hearing aid ordering options

- 1 Order select hearing aids through virtual care and direct delivery and they'll come right to your doorstep
- 2 Order through an in-person hearing provider and choose from over 2,000 name-brand hearing aids

## Hearing care from home

Our virtual care and direct delivery option lets you choose from hearing aids with the latest technology, including Bluetooth<sup>®</sup> streaming, rechargeable batteries and more. They're delivered right to your doorstep, complete with virtual follow-up care.

continued

## Flexible options, maximum savings

Choose from 6 different hearing aid technology levels through either virtual care and direct delivery or in-person care. Both options give you great choices and savings of up to 50% off standard industry prices.<sup>3</sup>

Hearing aid technology level	Price <sup>4</sup>
Silver	\$699
Gold	\$949
Essential	\$1,149
Standard	\$1,449
Advanced	\$1,949
Premium	\$2,499

## Get started

Use your hearing benefit or take an online hearing test to see if you have hearing loss. Call us and mention California State Employees Association - CSEA.

**EPIChearing.com**

**1-866-956-5400, TTY 711**

8 a.m. to 8 p.m. CT, Monday through Friday
